Step 3.
Enter Username and Password
If you don't know your password or you are having trouble logging in, Agency Tech Support can help. Simply call 1.866.678.2397 to immediately reset your username and/or password.
You are about to connect a computing device to Nationwide's Network. Any connection to or data created, stored, or otherwise transmitted on Nationwide's Network may be monitored, accessed, recorded, or intercepted without additional prior notice. Any personal content or e-mail stored on, received by, or transmitted from this computer, any Nationwide-issued equipment, or Nationwide's computer network will not remain private. Your computer device will be monitored when connecting to Nationwide's Network. Nationwide may detect information security settings or software and may delete, download, install, and run necessary files on any computing device connecting to Nationwide's Network to ensure reasonable security.
Unauthorized access to the Nationwide Network is a crime under federal law and the laws of various states. Violators will be subject to prosecution.

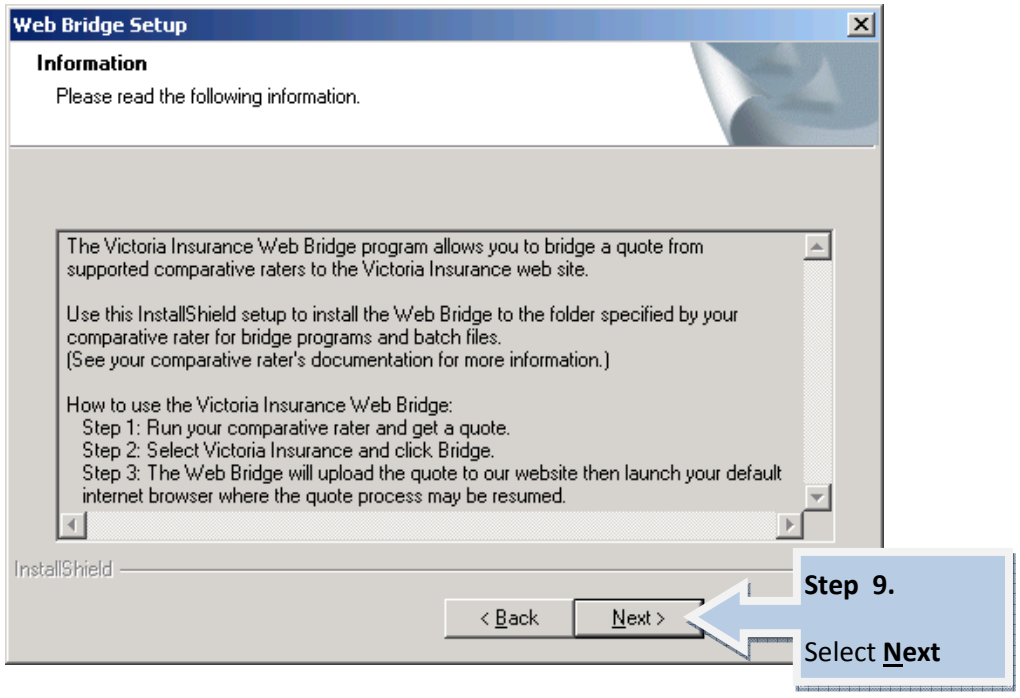
Step 8.
Select Next



Web Bridge Setup
Information
Please read the following information.
The Victoria Insurance Web Bridge program allows you to bridge a quote from supported comparative raters to the Victoria Insurance web site.
Use this InstallShield setup to install the Web Bridge to the folder specified by your comparative rater for bridge programs and batch files.
(See your comparative rater's documentation for more information.)
How to use the Victoria Insurance Web Bridge:
Step 1: Run your comparative rater and get a quote.
Step 2: Select Victoria Insurance and click Bridge.
Step 3: The Web Bridge will upload the quote to our website then launch your default internet browser where the quote process may be resumed.
